## BBP LIBRARY UPDATE

We at Bayport-Blue Point Library would like to share a visual update on the new library's progress.

The design team is carefully positioning new electrical outlets to maximize convenience for library patrons who use a wide range of electronic devices.

Strategically placed drainage pools will help protect the new library from water infiltration.

To help maintain continuous service during inclement weather, utility lines are buried underground.

To save money and to keep library visitors comfortable, a state-of-the-art, energy-efficient HVAC system will replace the convent's antiquated boilers.

Floors are being leveled with a fresh coat of concrete for added durability.

A scrupulous program of mold remediation will help protect the health and safety of Library visitors and staff.

valleys. Movie fans also find familiar backdrops for their favorite scenes in the Cotswolds. So what’s the big draw? Called the “Soul of England,” the Cotswolds’ appeal lies in its charm, unspoiled villages and countryside – it’s even been designated an “Area of Outstanding Natural Beauty.” But the prettiness of the region is just a starting point. Each village has a distinctly different personality. Some have their quirks; others have buried secrets! Come learn about them in this Savvy Sightseer travelogue on our Facebook page. BPA675
